

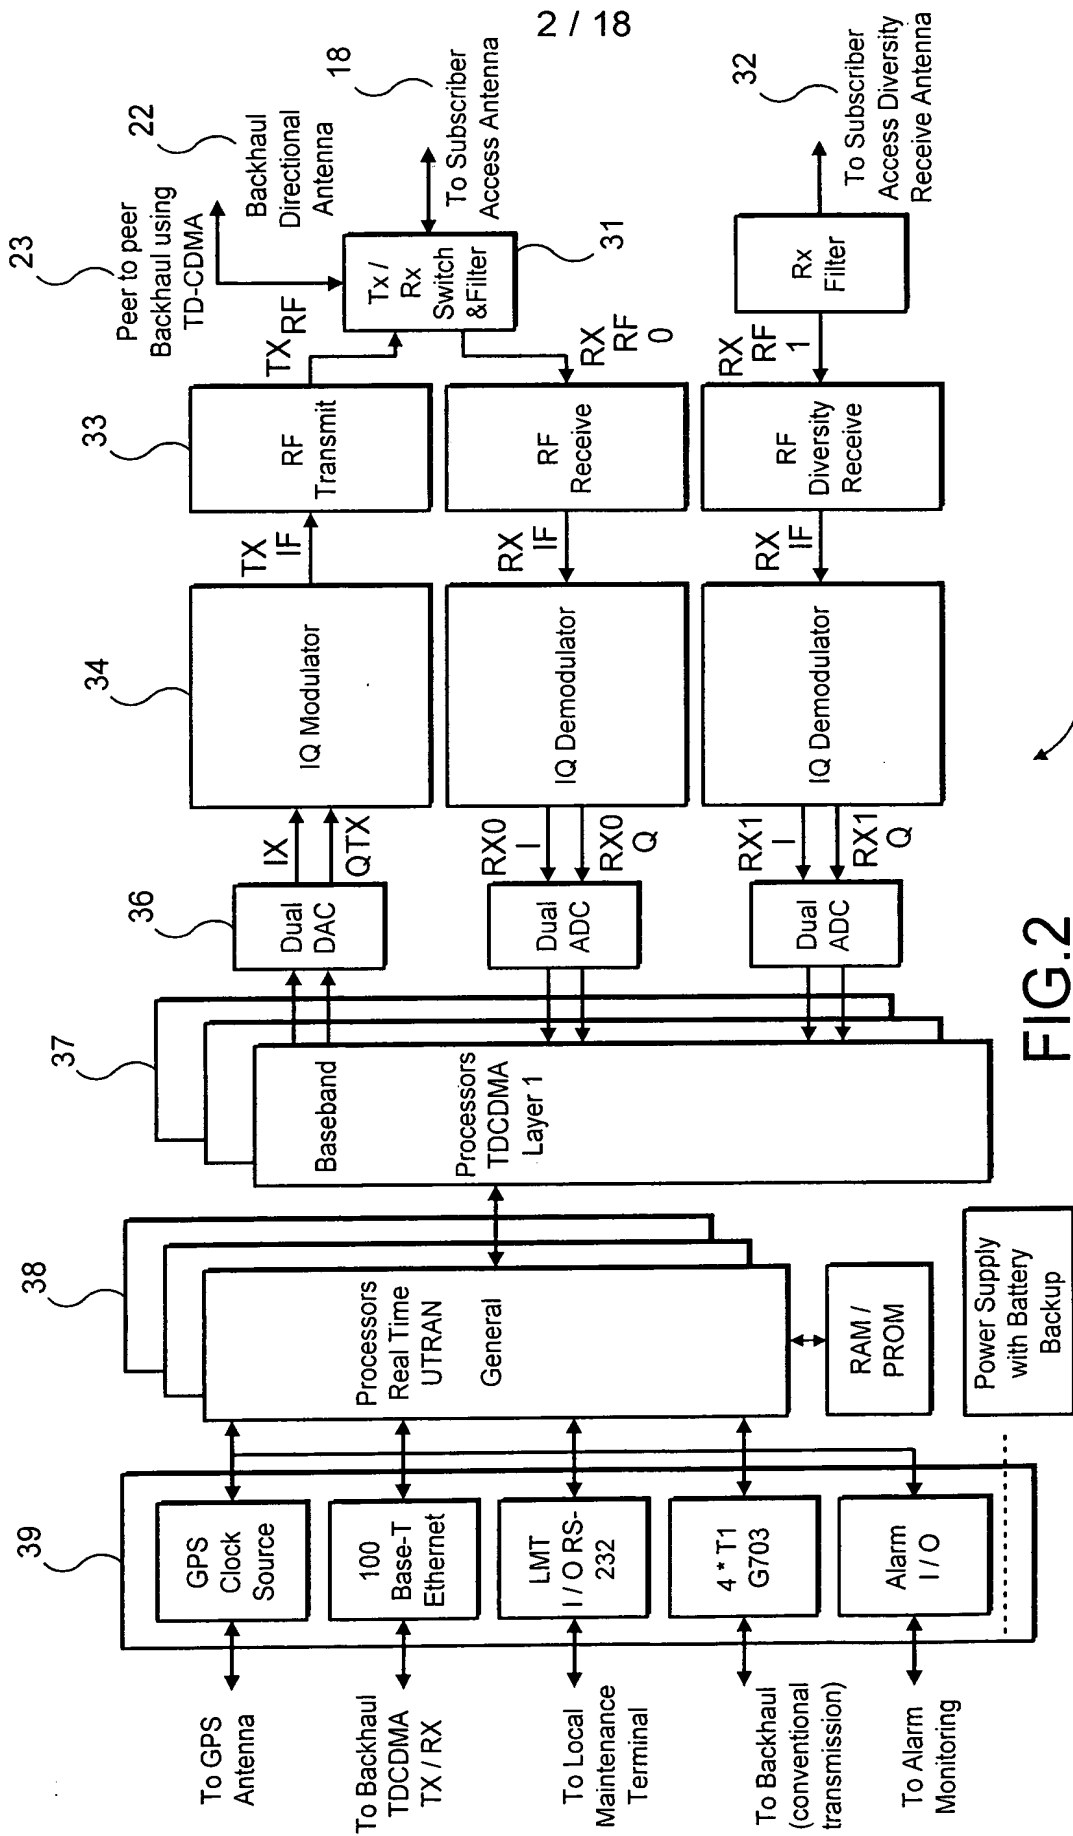

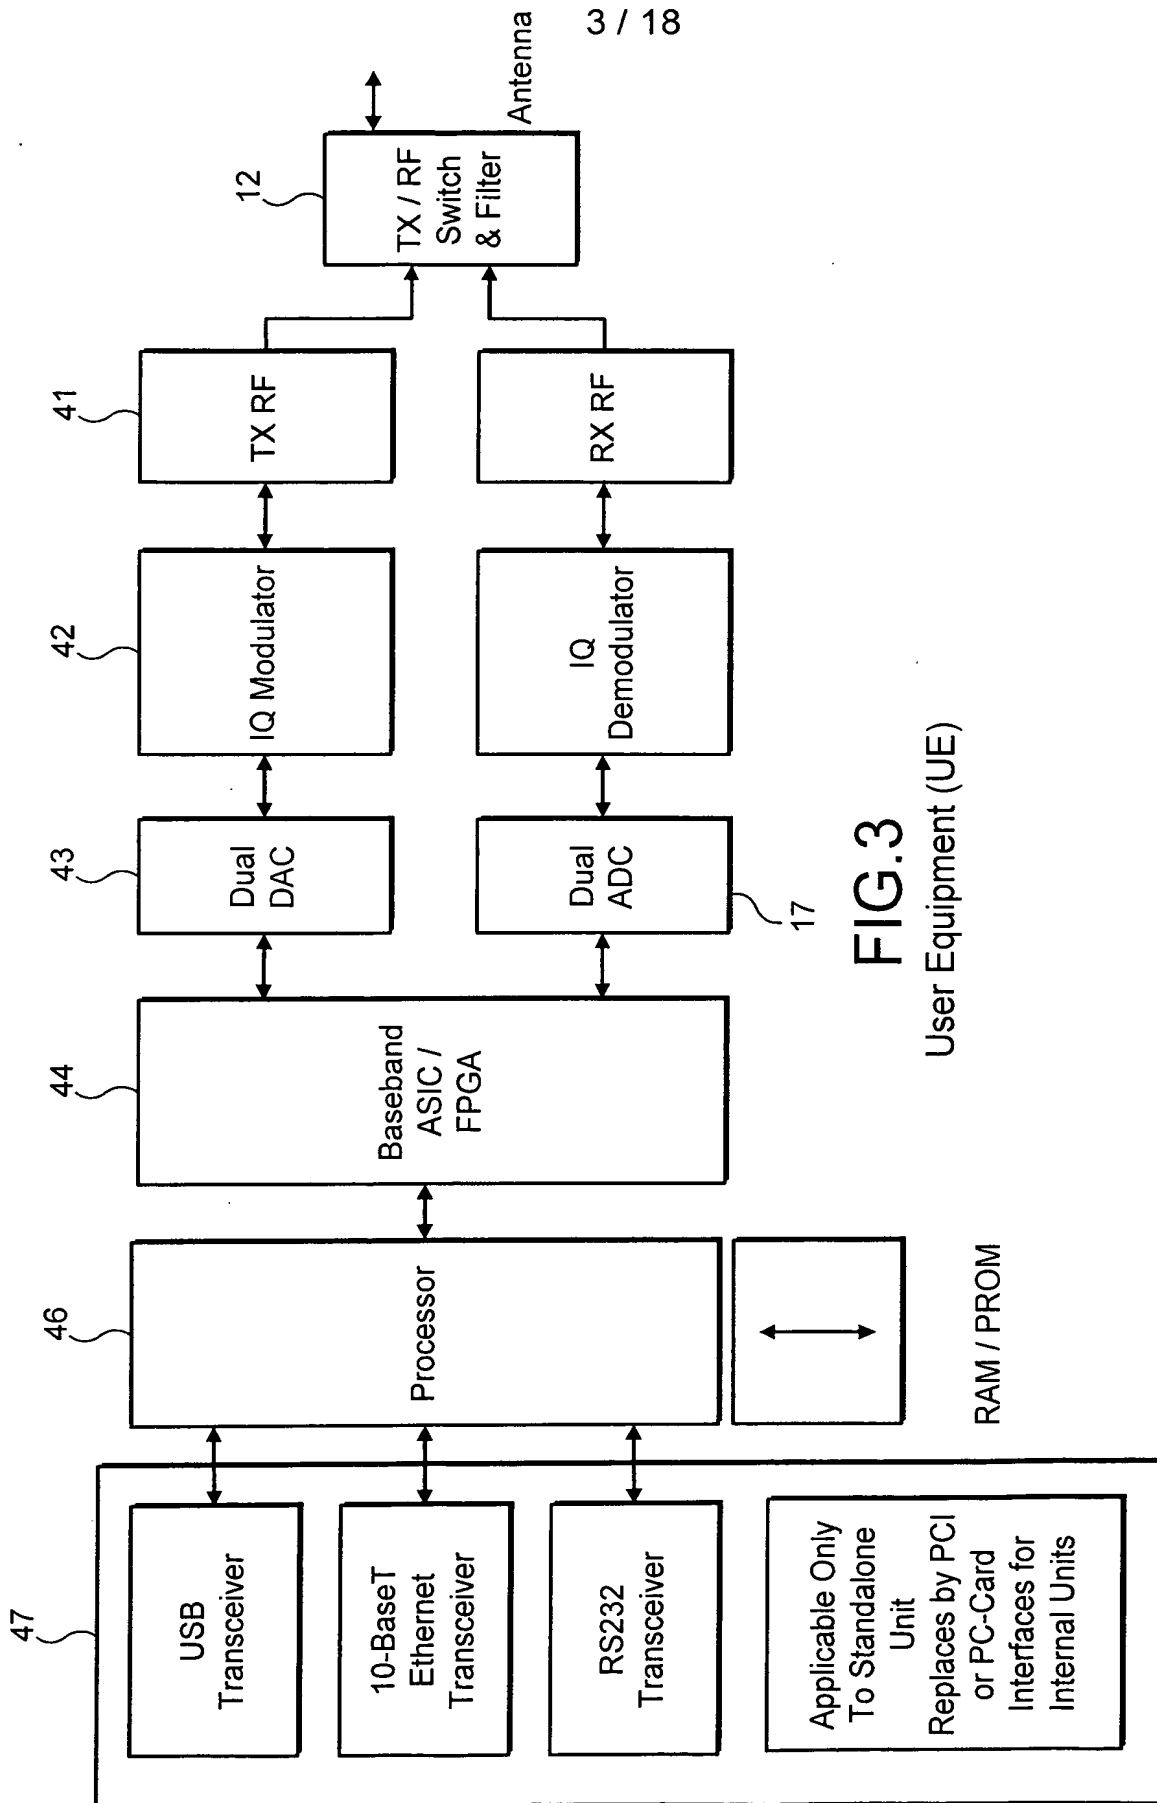

FIG.1

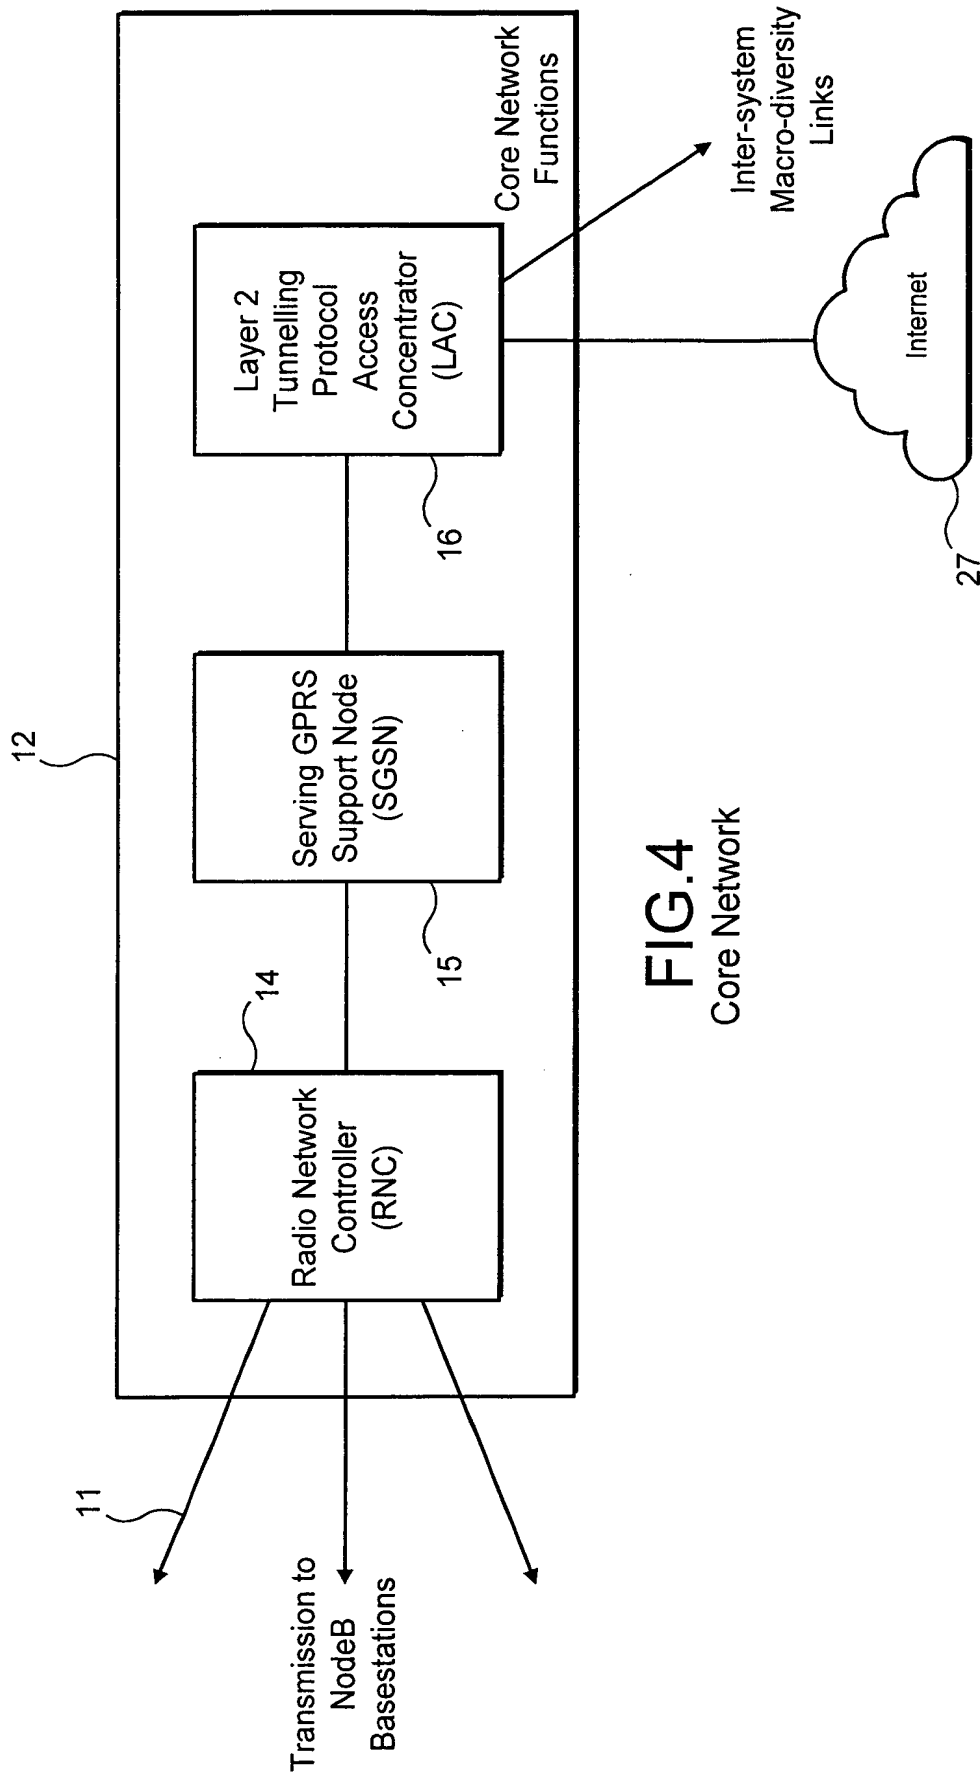

System Architecture

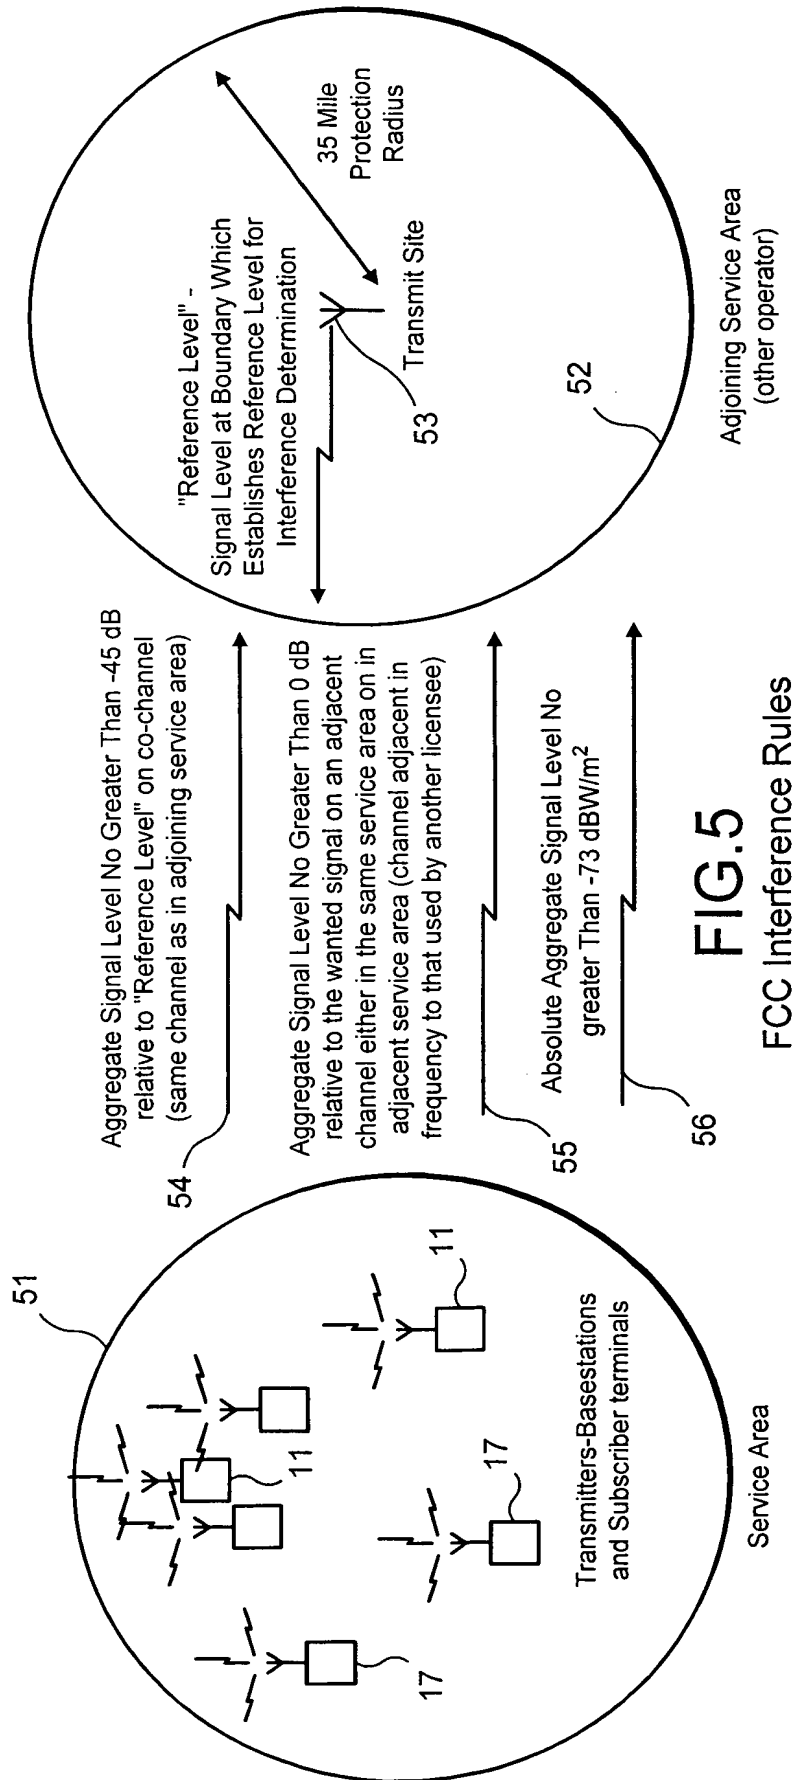

**FIG.2**  
Basestation (NodeB)

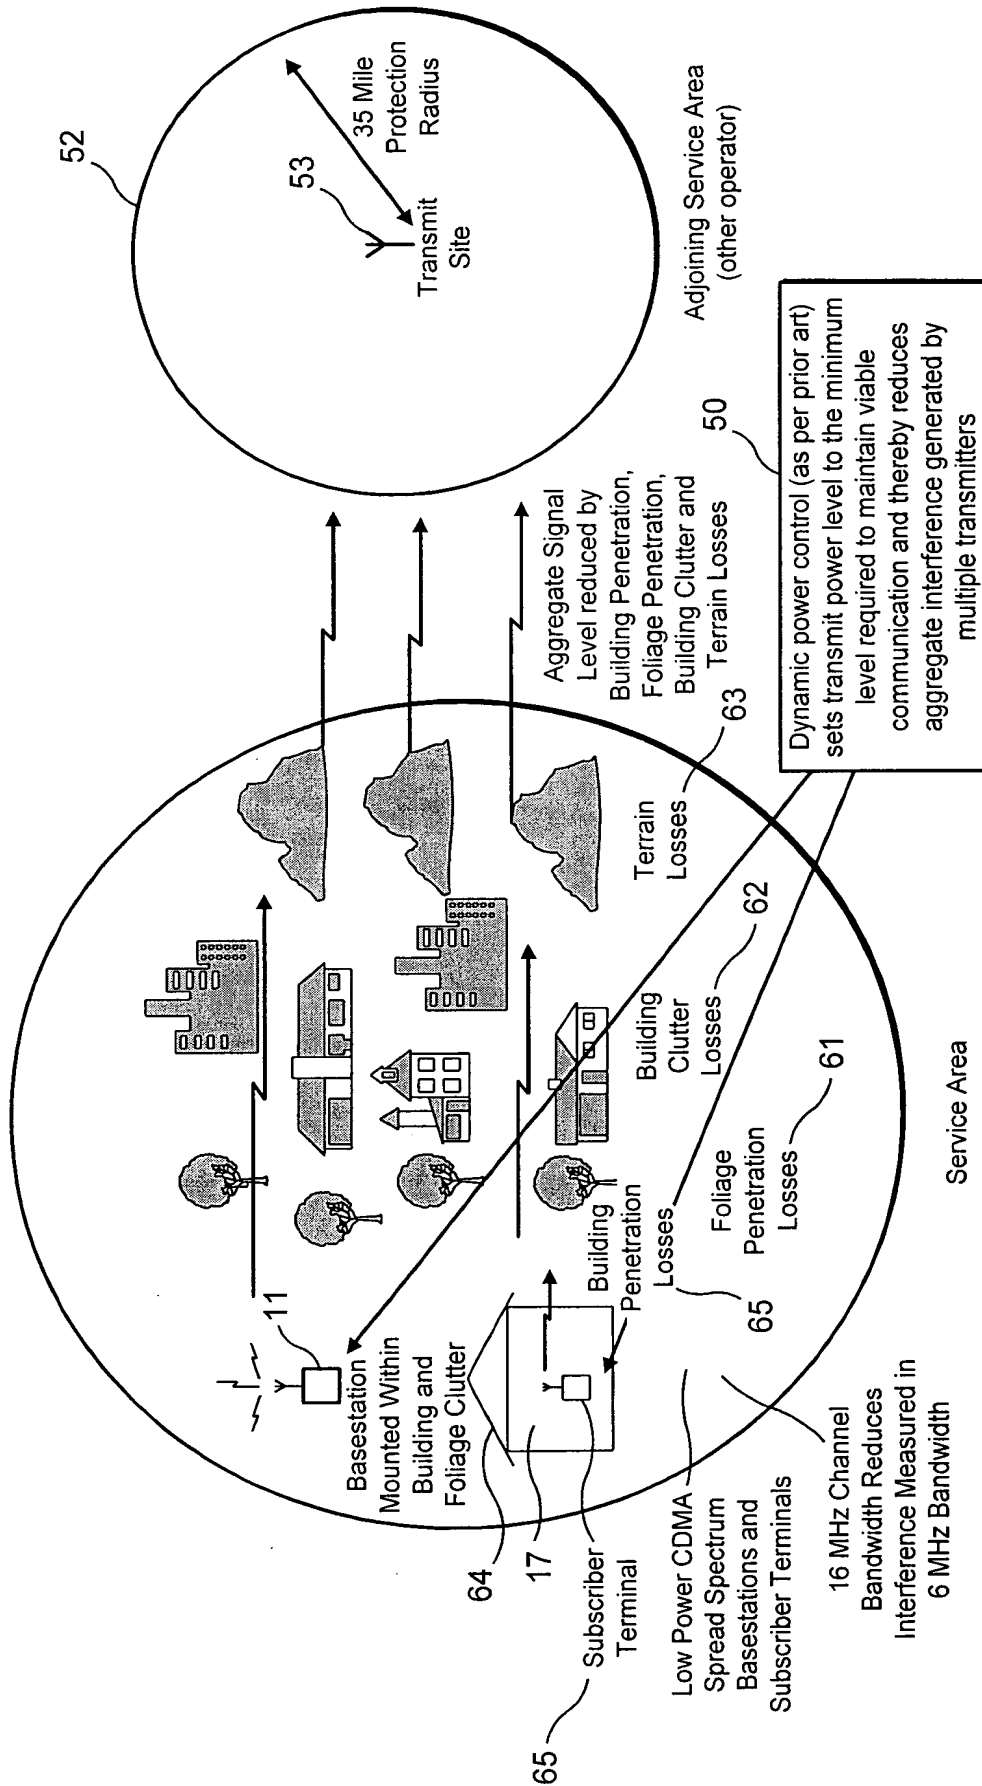

**FIG.3**  
User Equipment (UE)

**FIG. 4**  
Core Network

**FIG.5**  
FCC Interference Rules

**FIG.6**  
Interference Avoidance

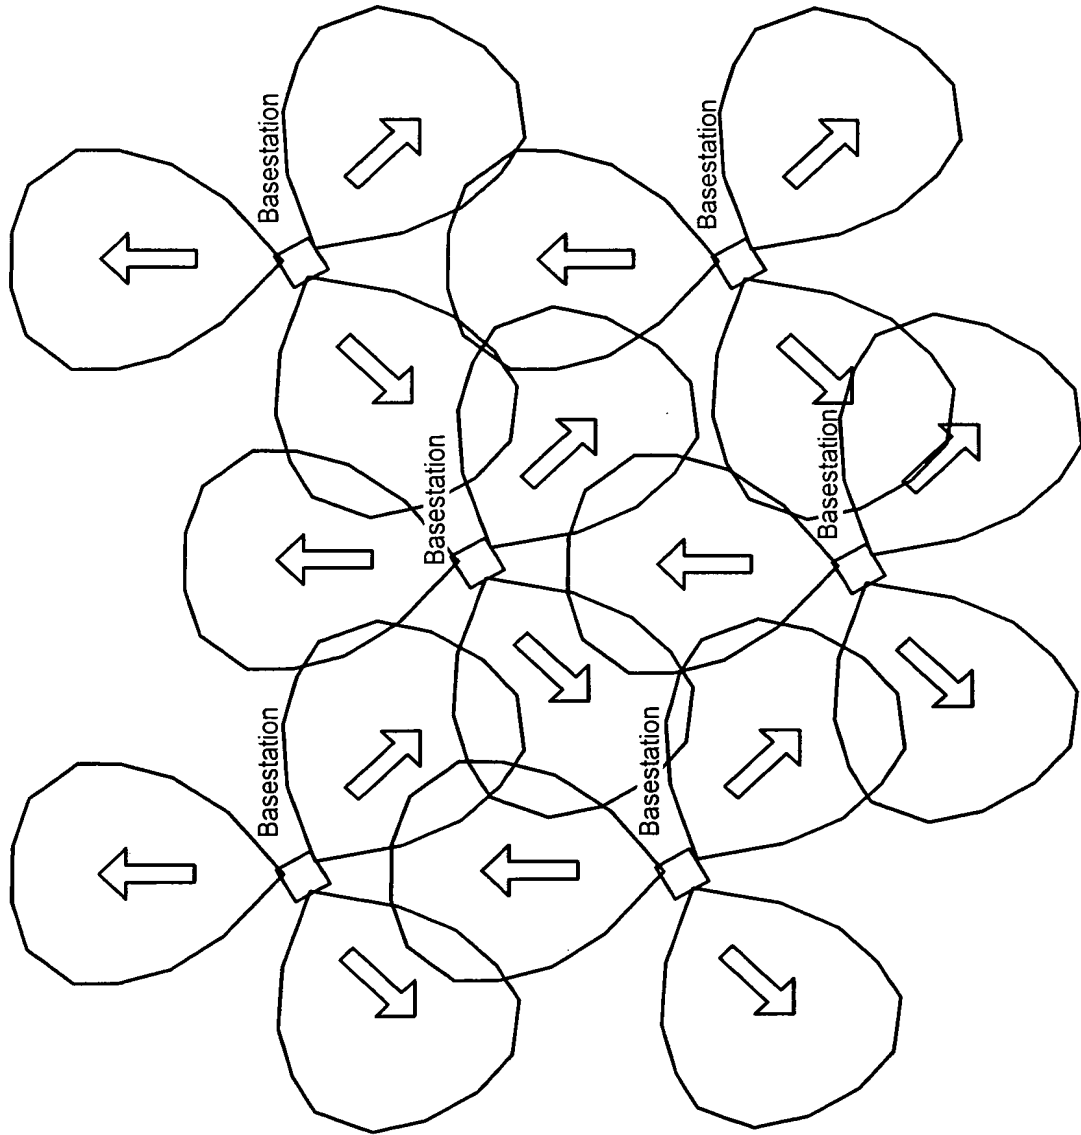

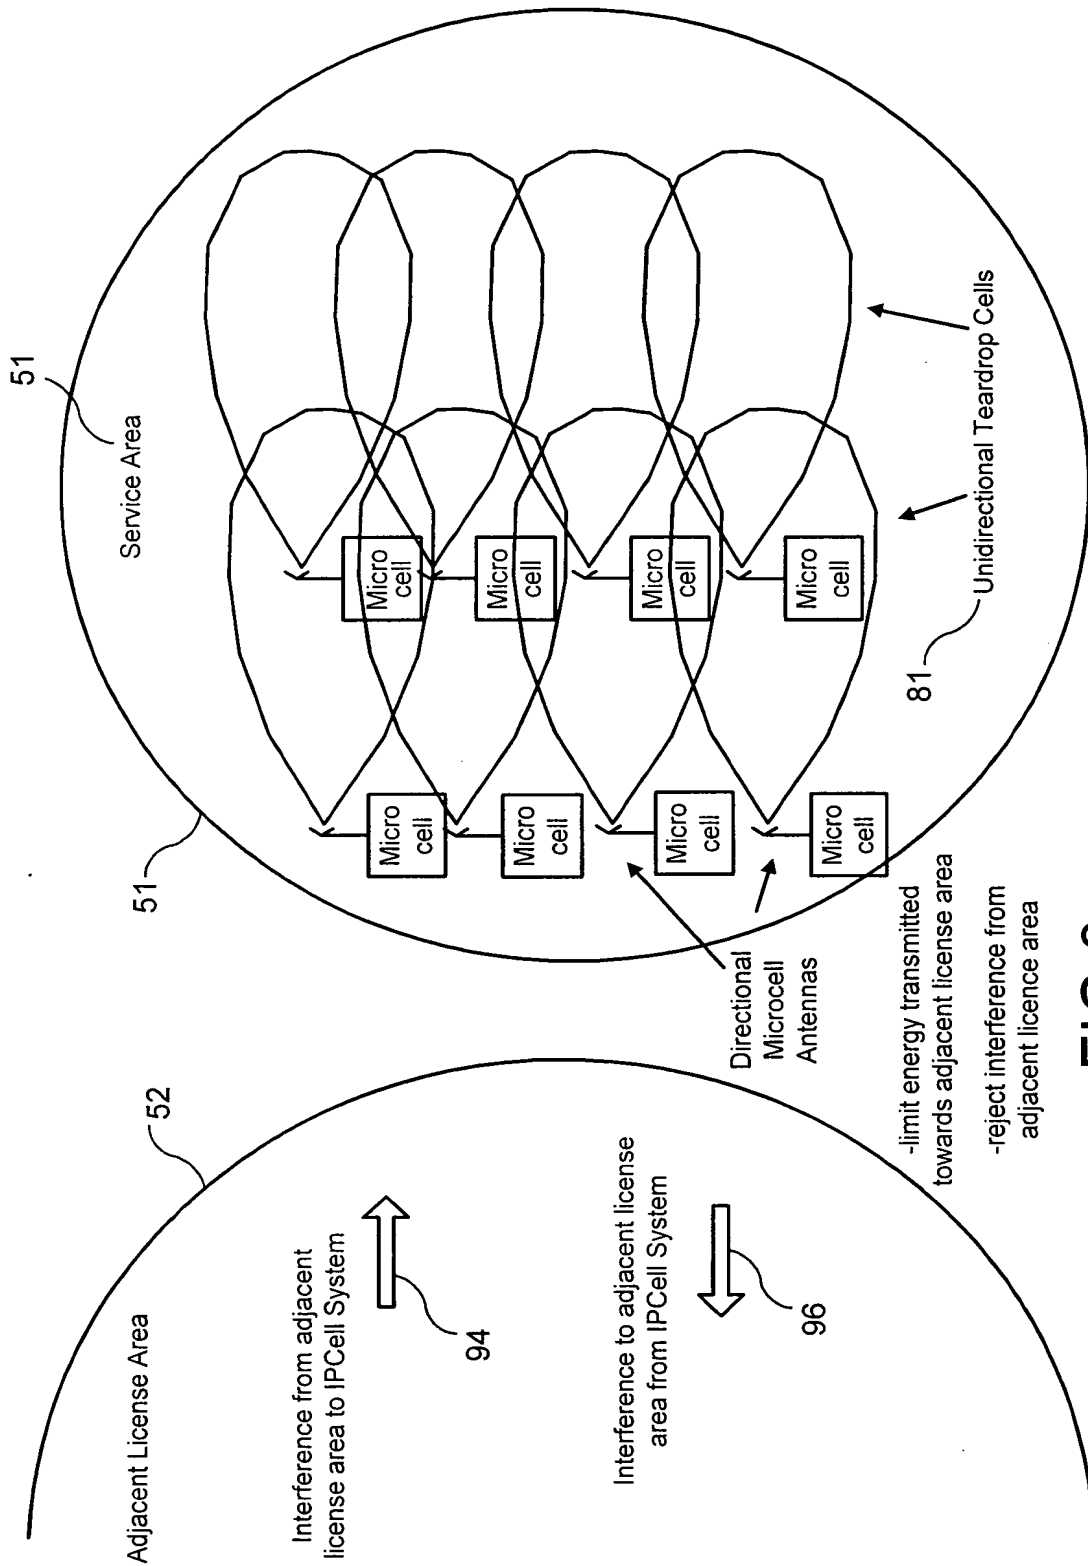

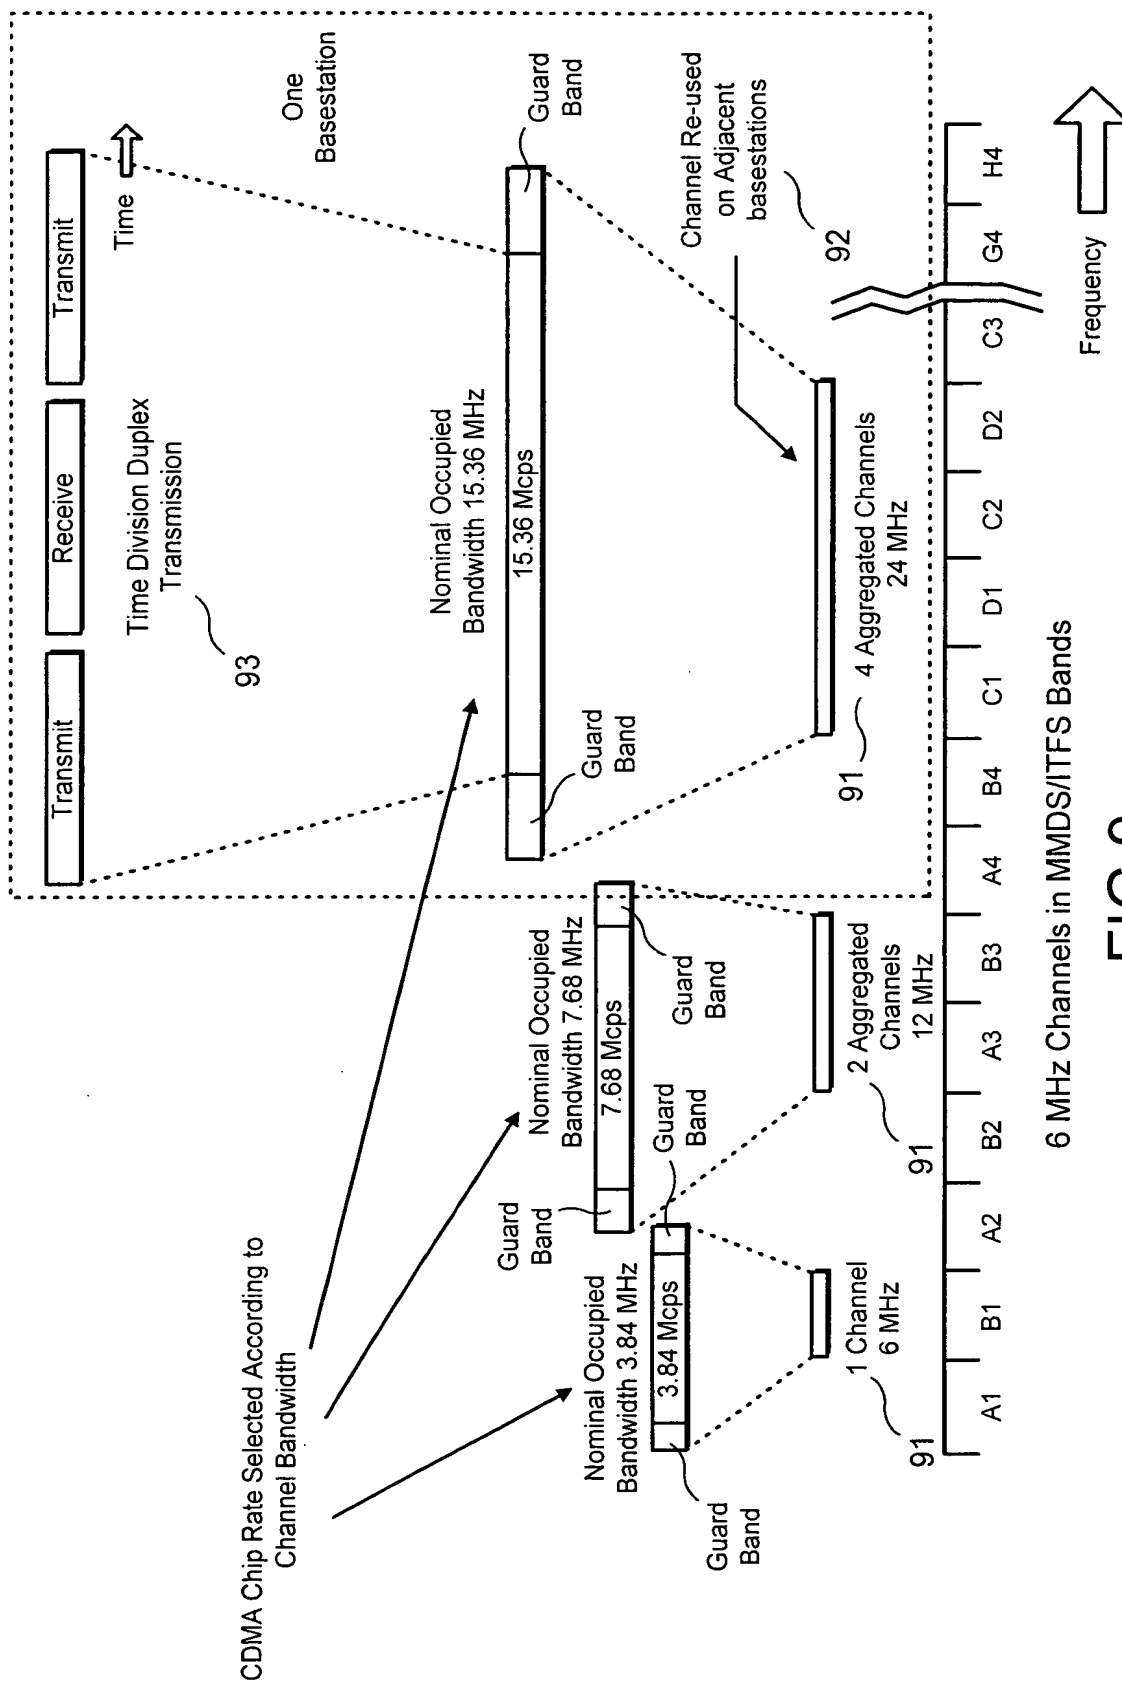

FIG.7

Prior Art:- Typical Cellular Wireless Coverage Pattern

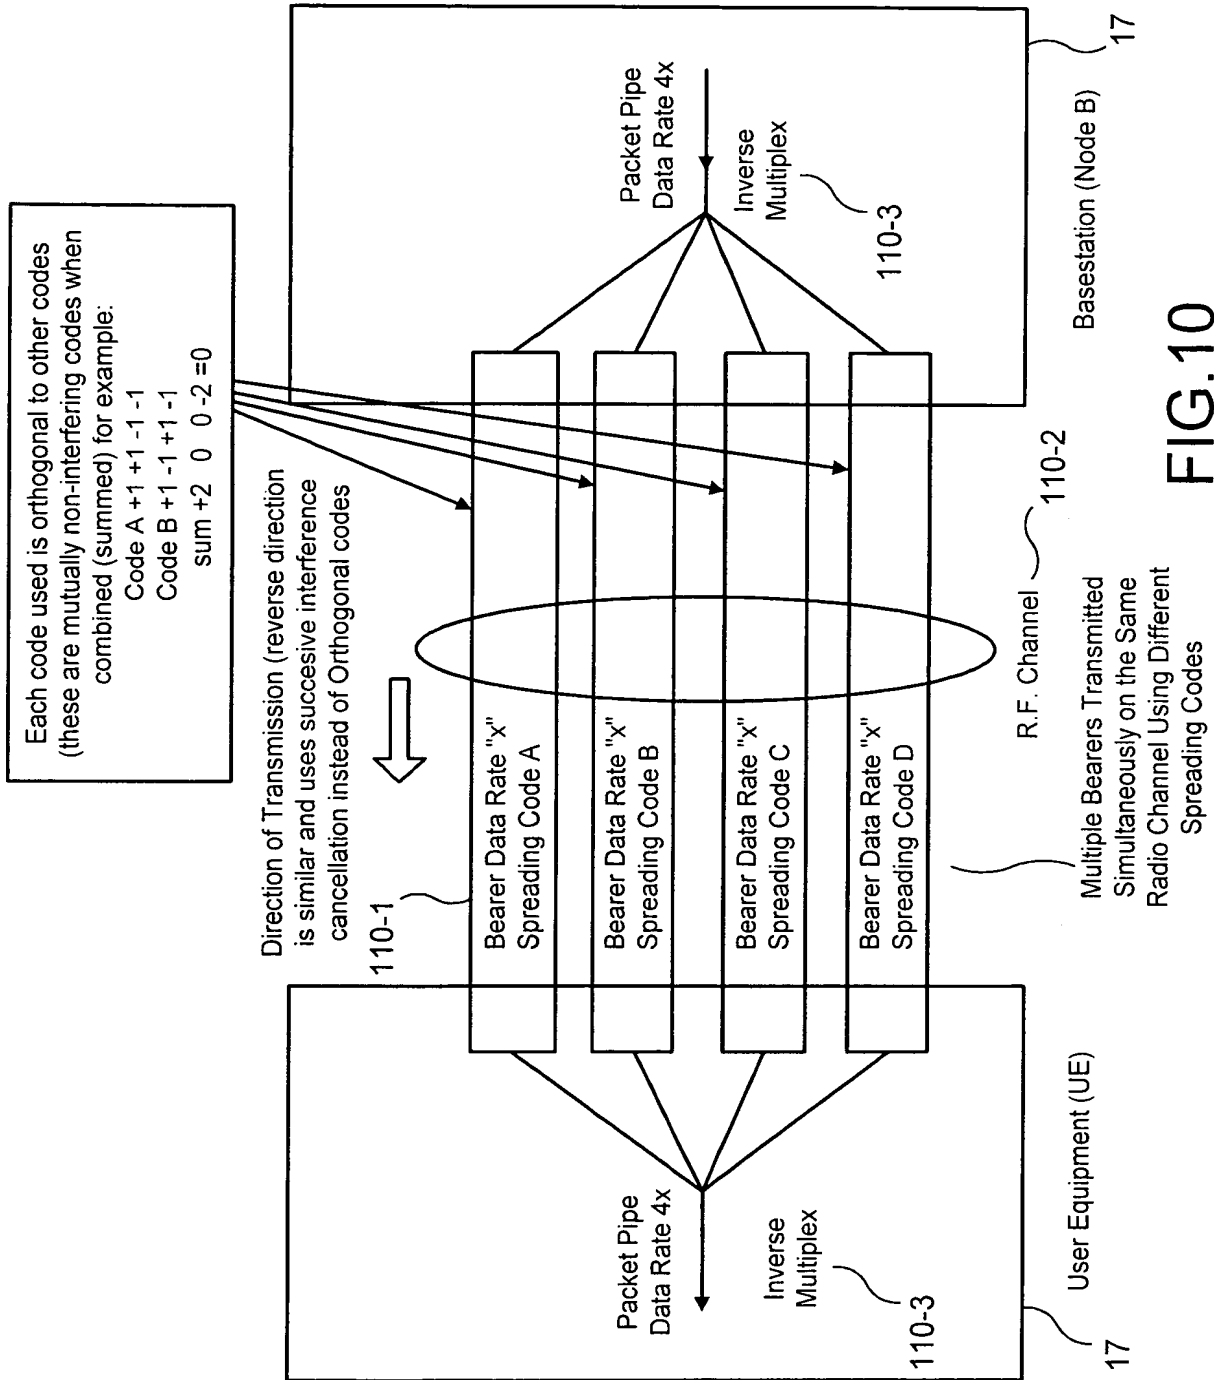

**FIG.8**

Interference Reduction - Unidirectional Teardrop  
Cellular Wireless Coverage Pattern

**FIG.9**

RF Channel Utilization

**FIG.10**

Multiple Bearer Transmission

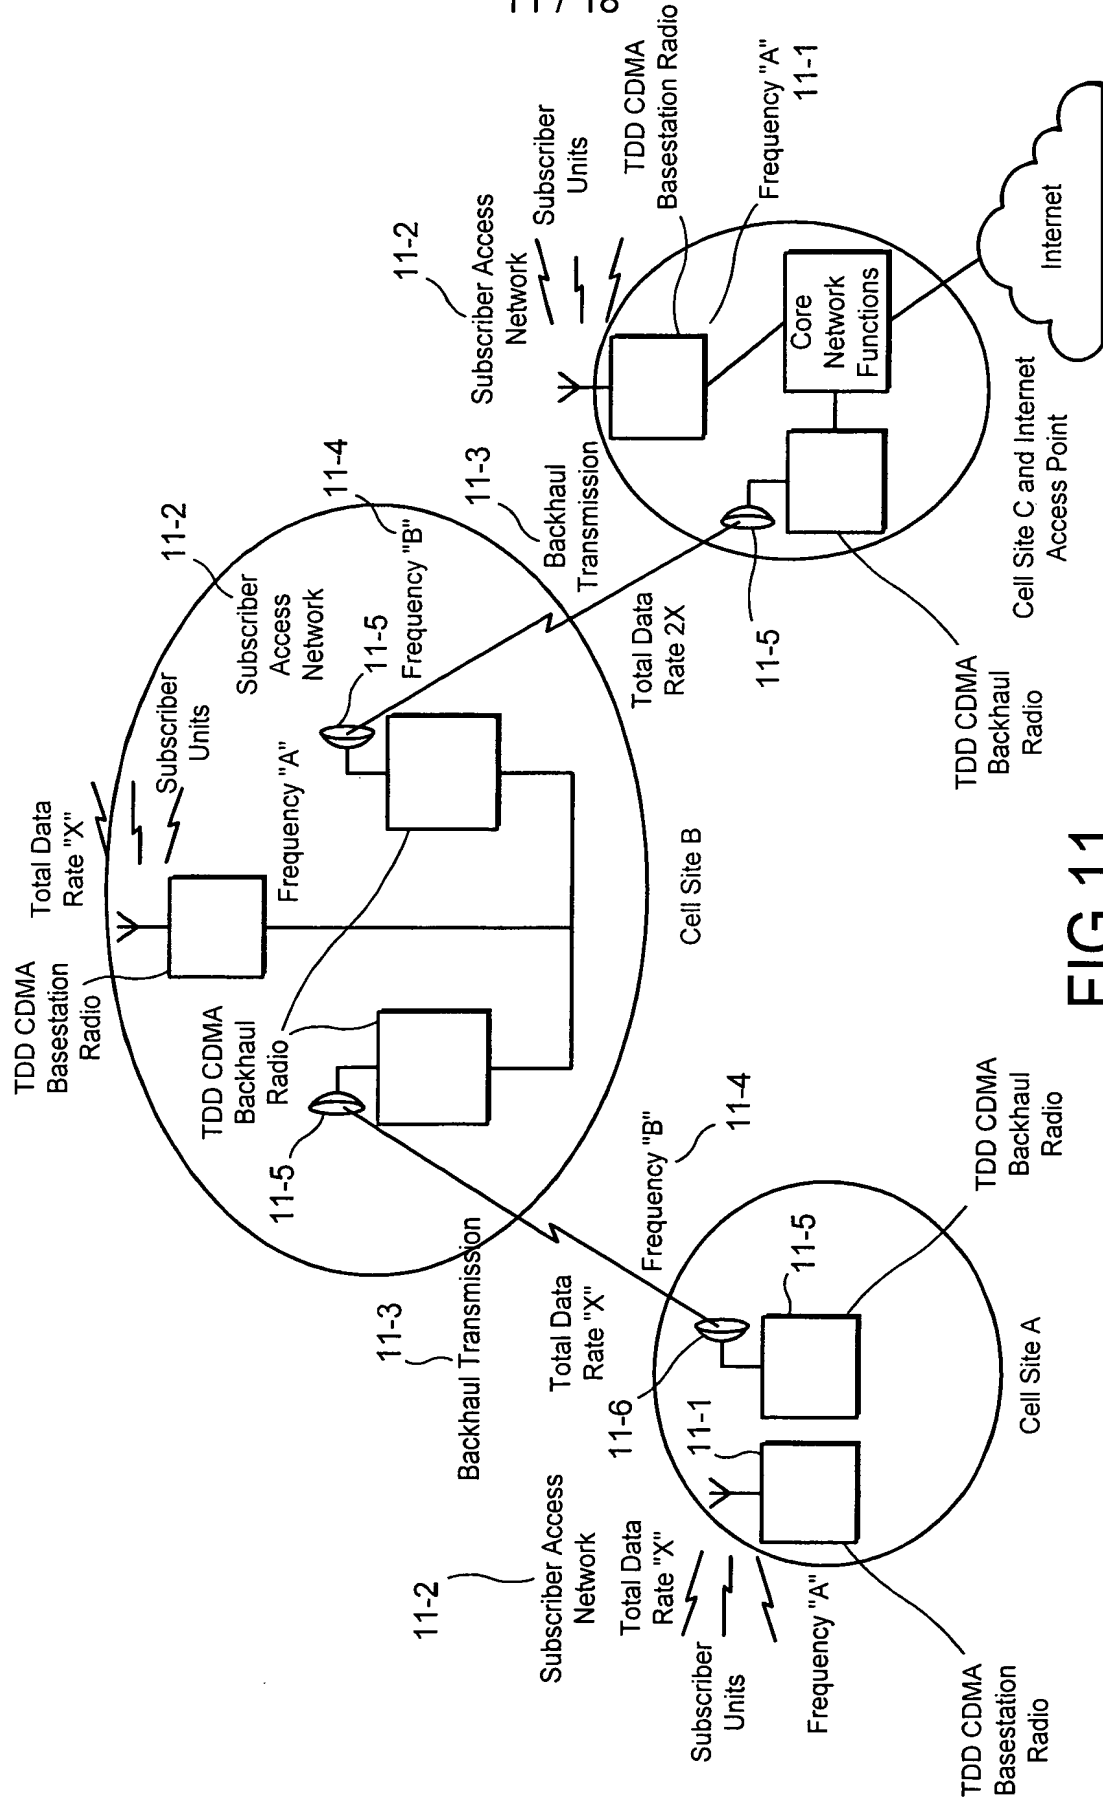

FIG. 11

CDMA Backhaul Transmission

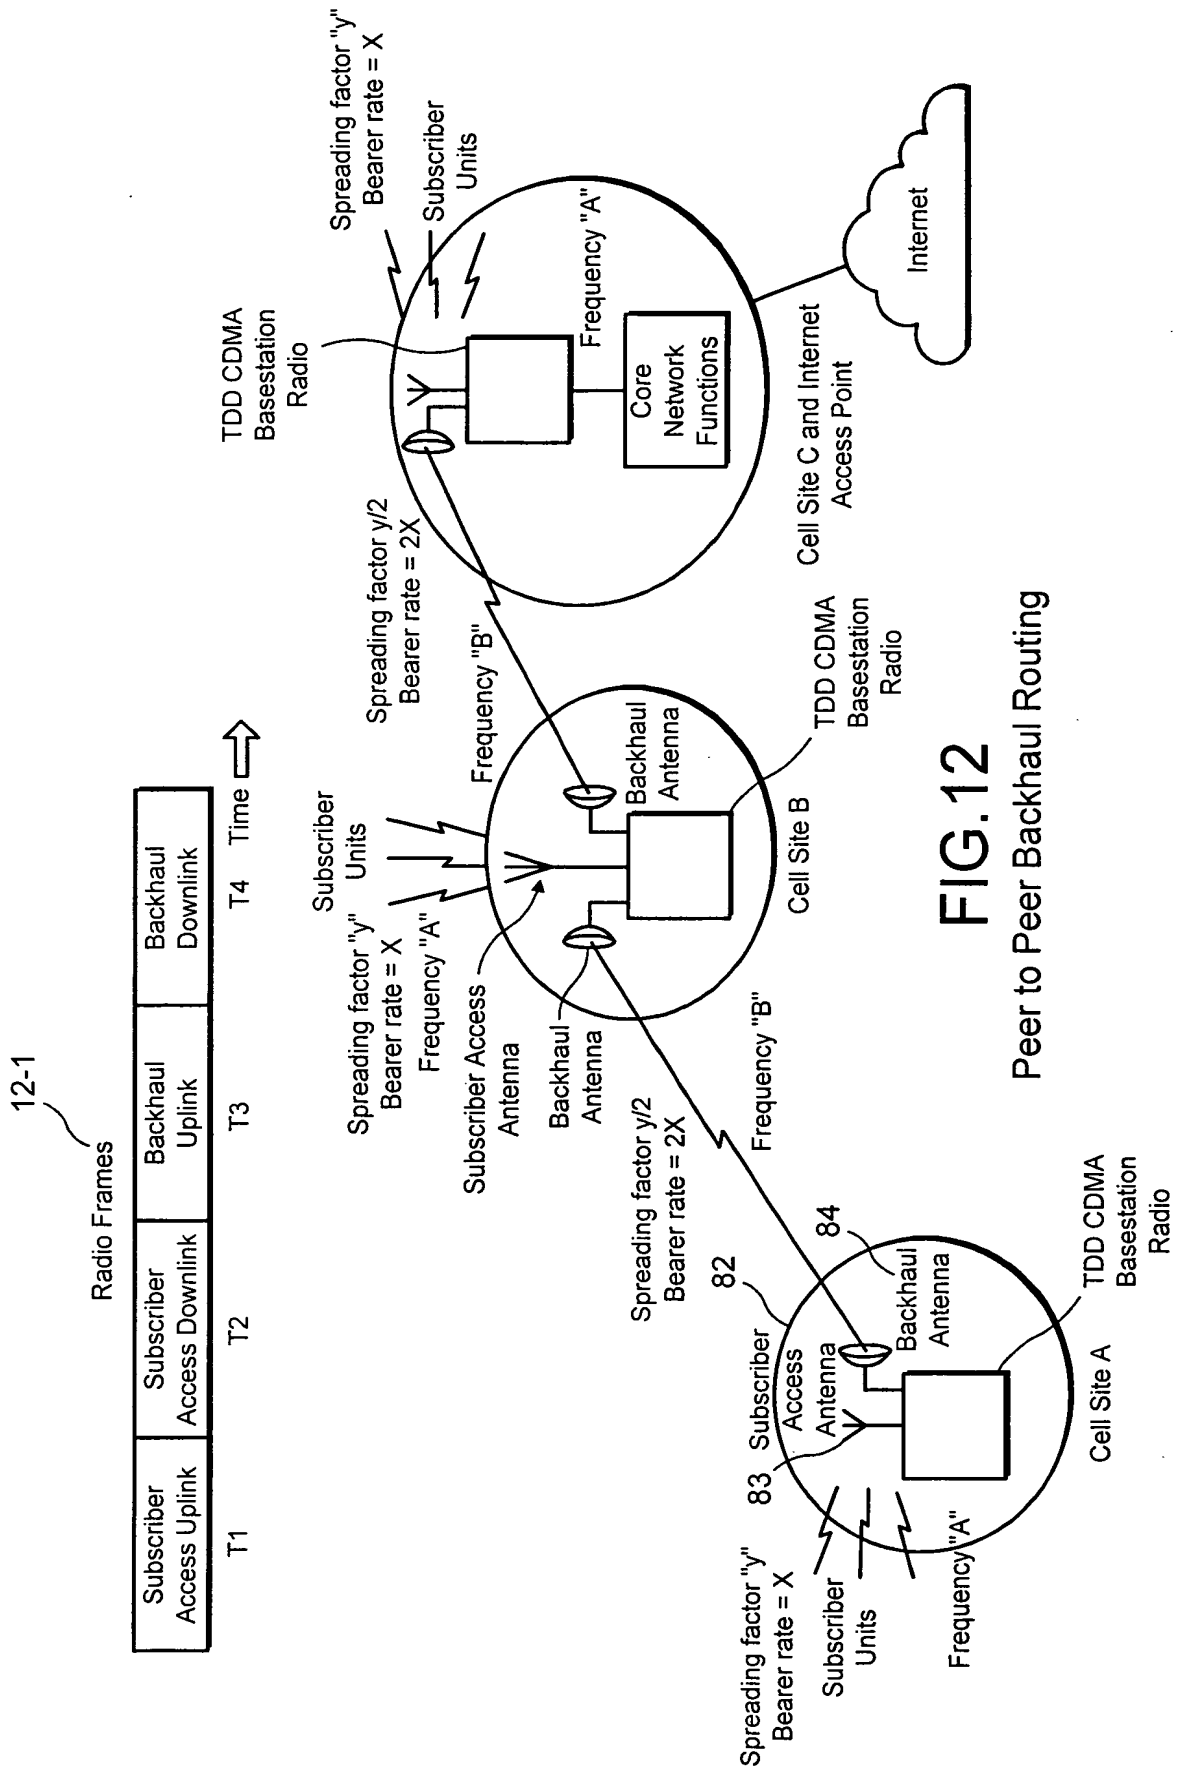

FIG.12

Peer to Peer Backhaul Routing

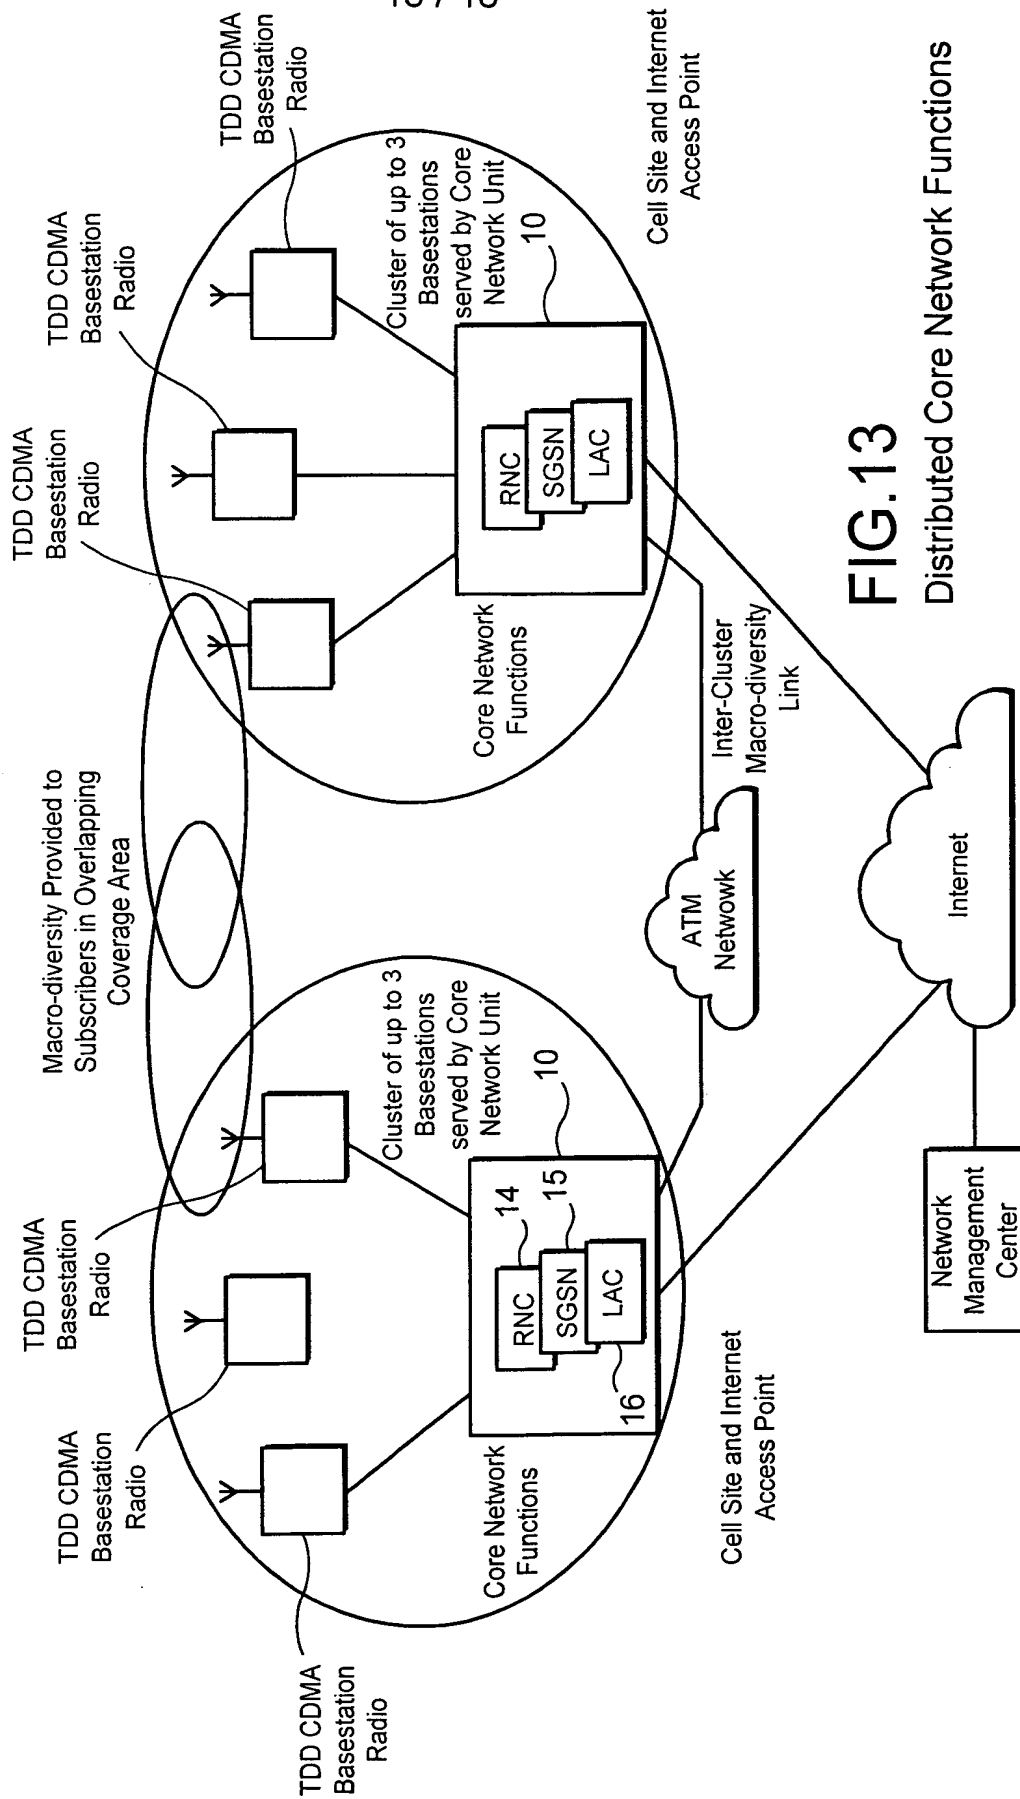

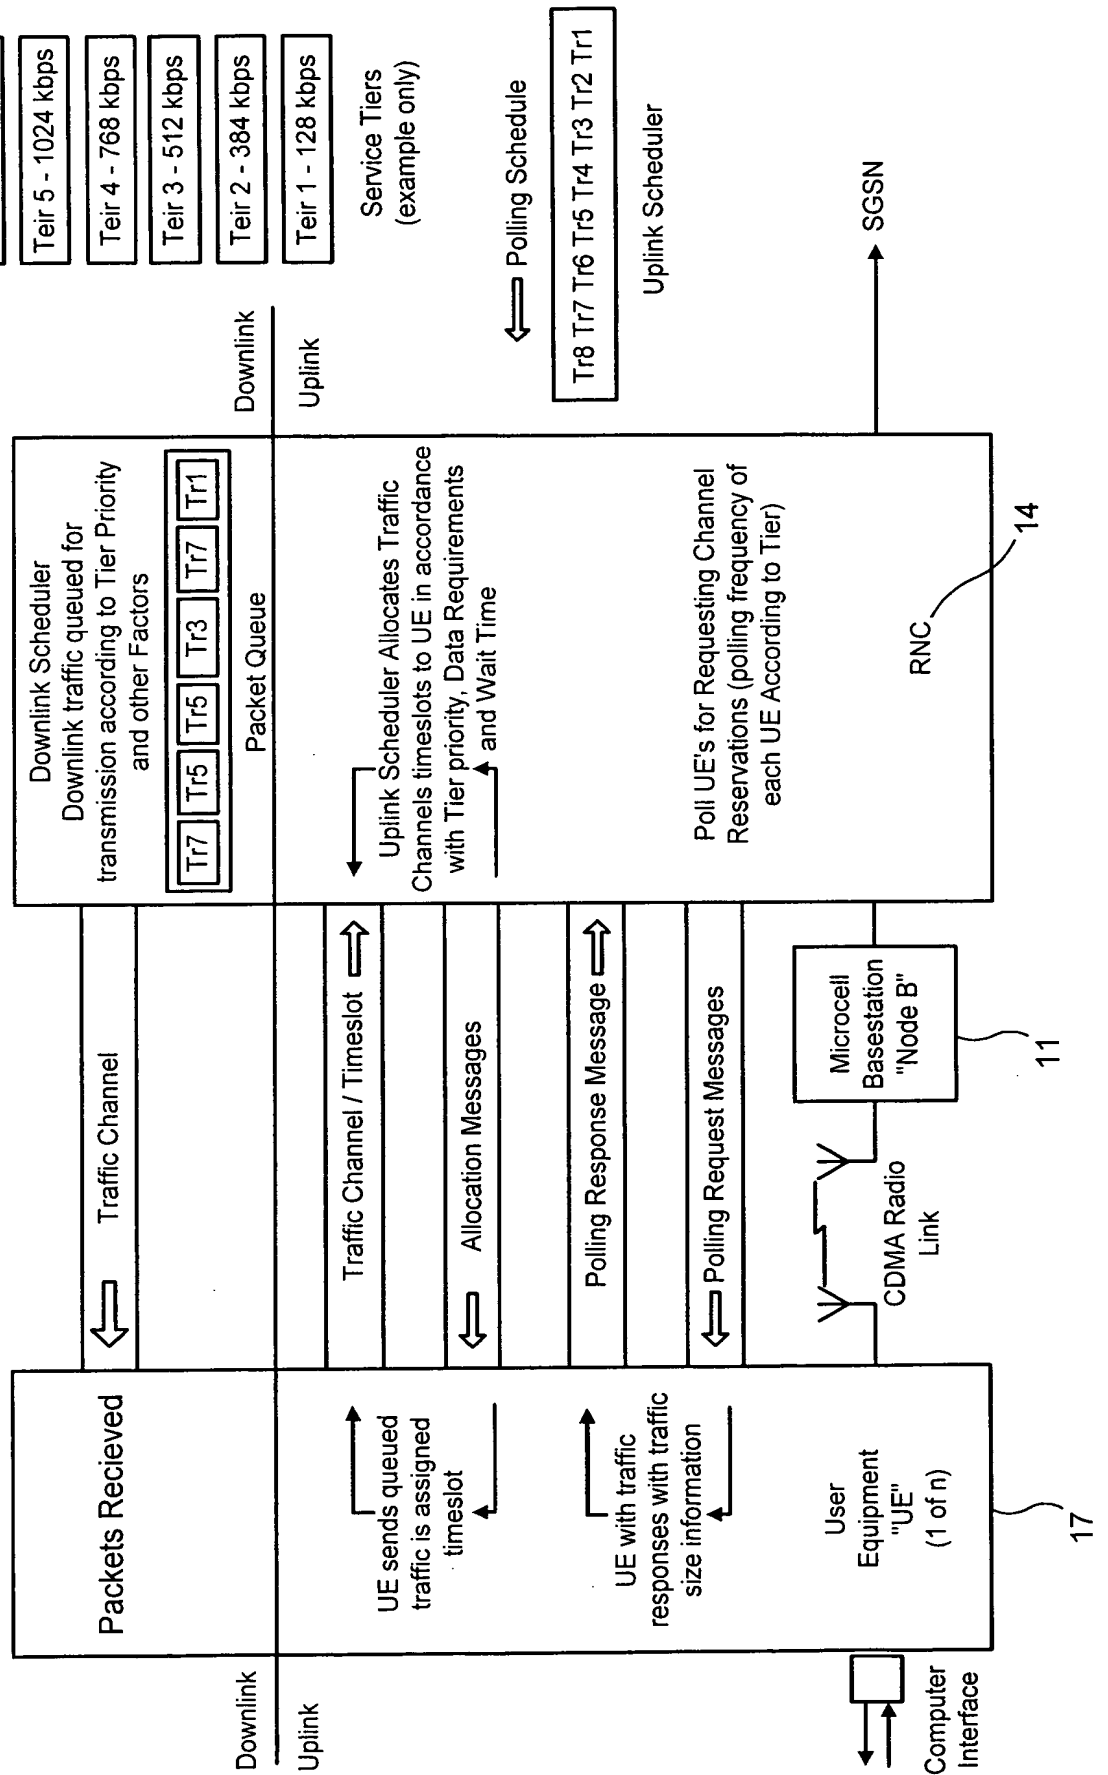

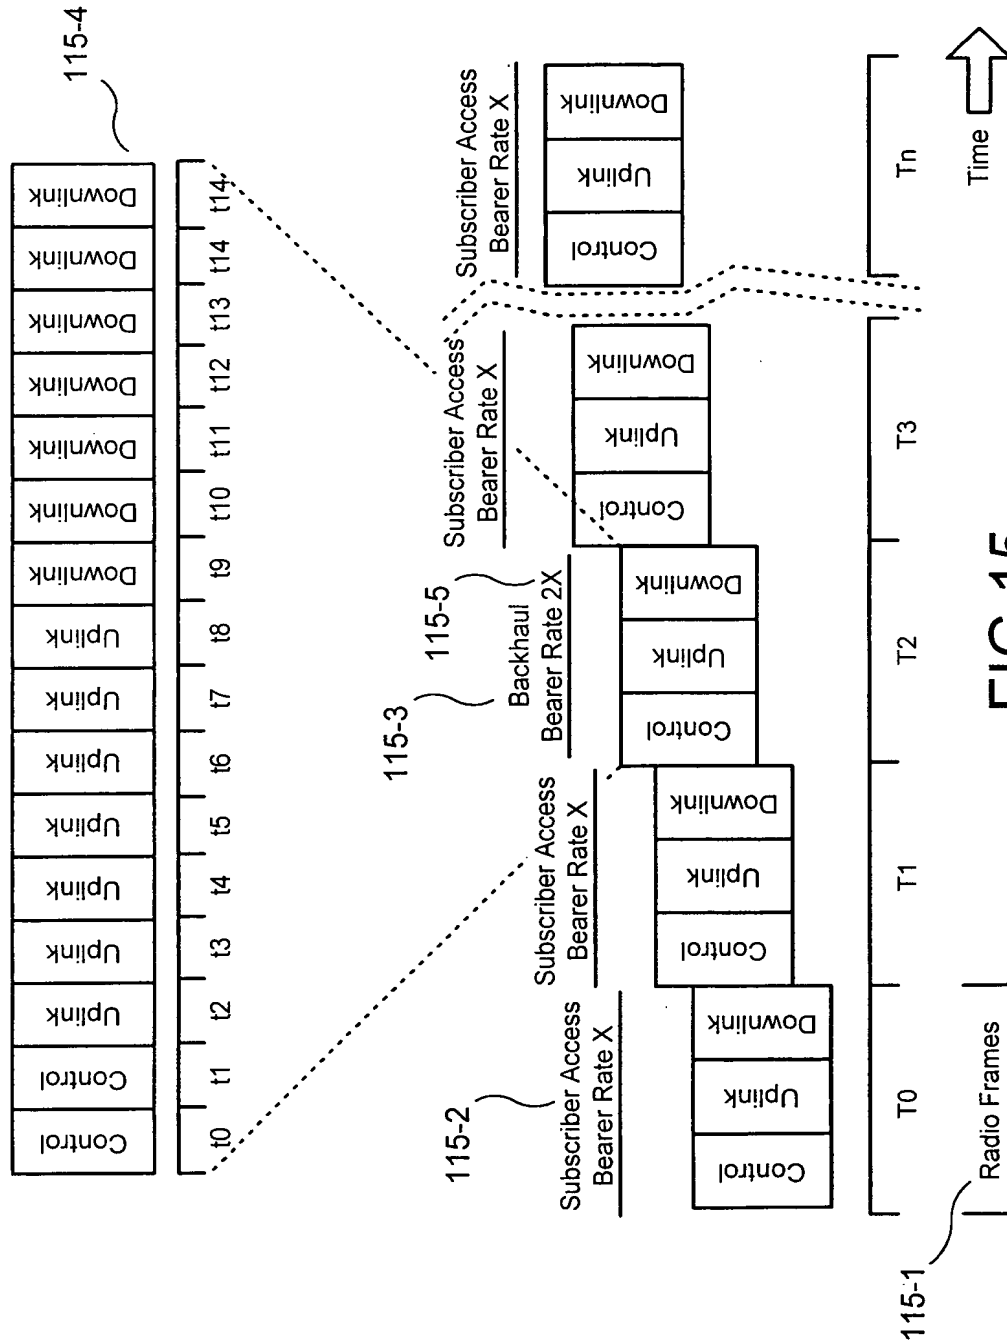

FIG.13

Distributed Core Network Functions

# FIG. 14

## Service Tiering

**FIG. 15**

Enhanced Time-Division-Duplex

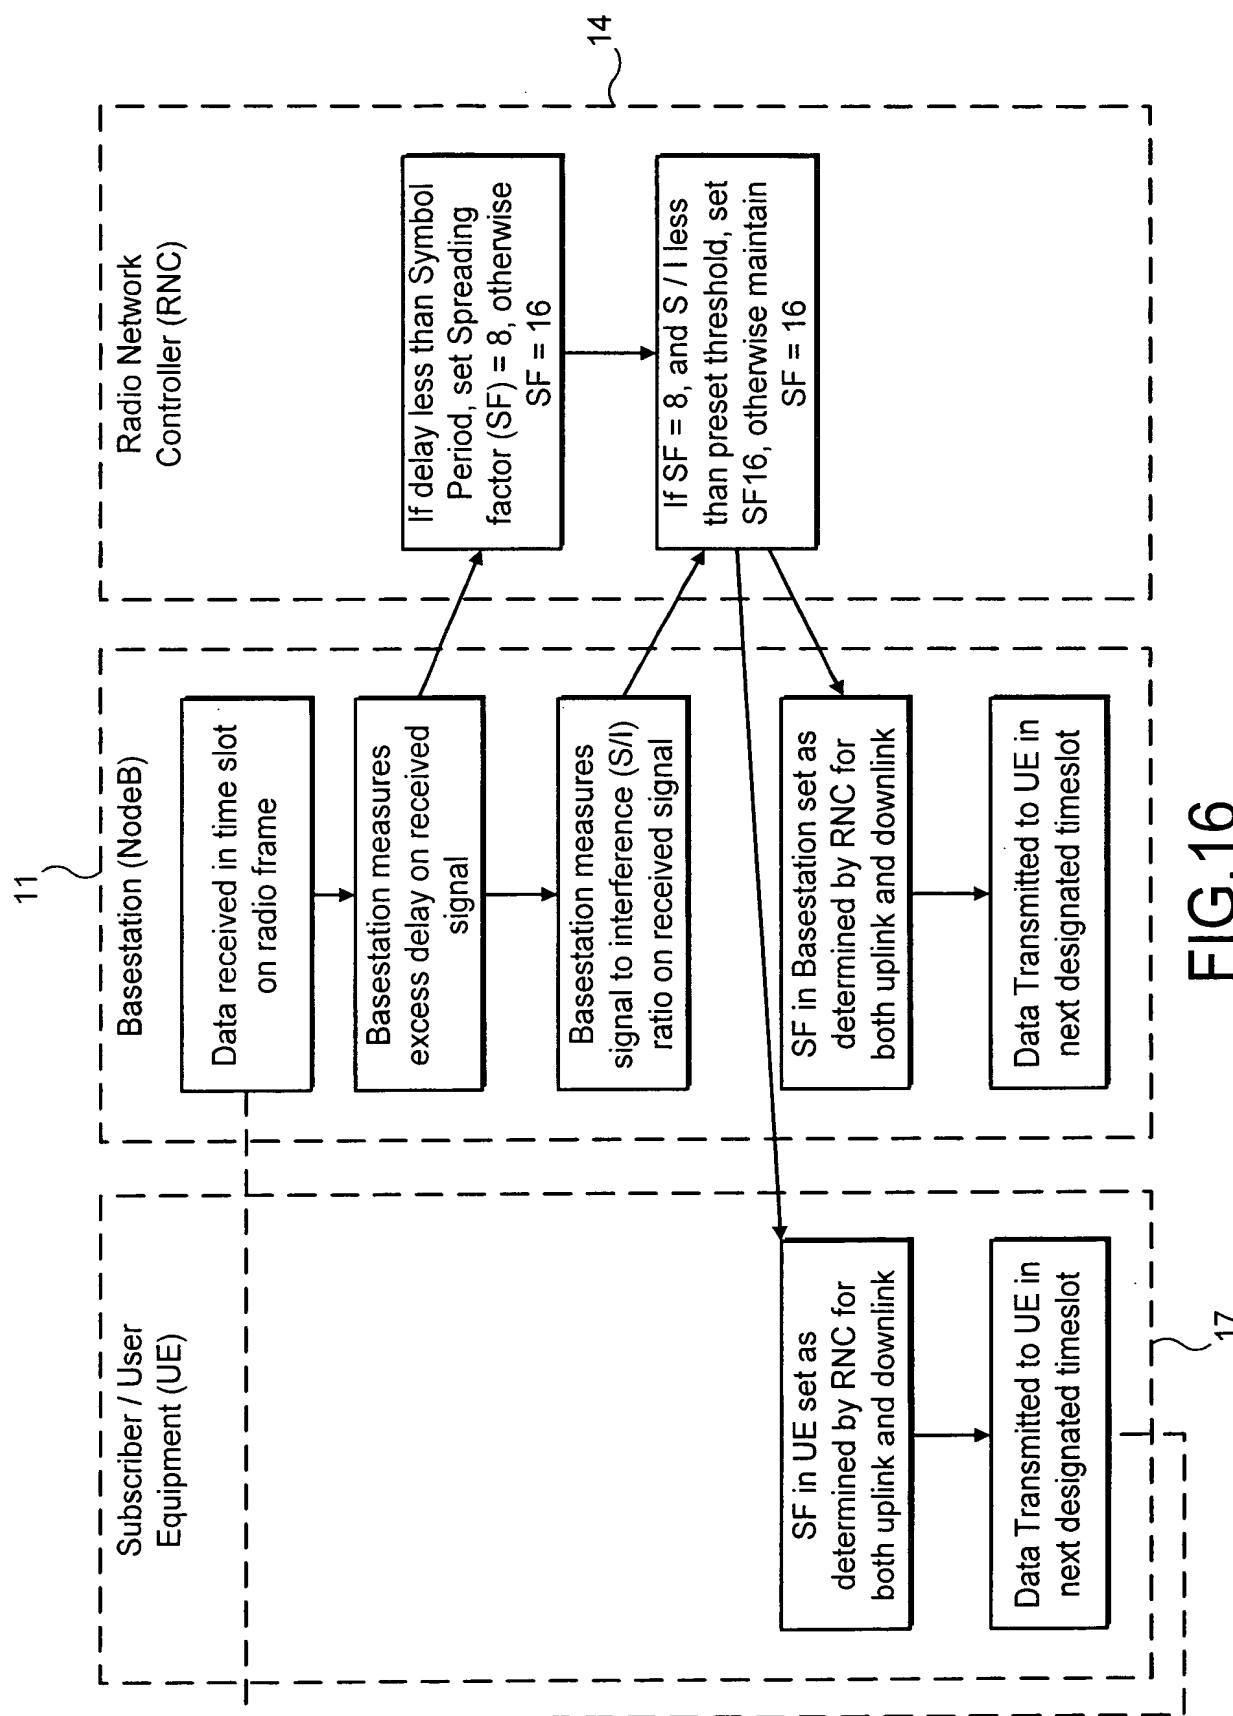

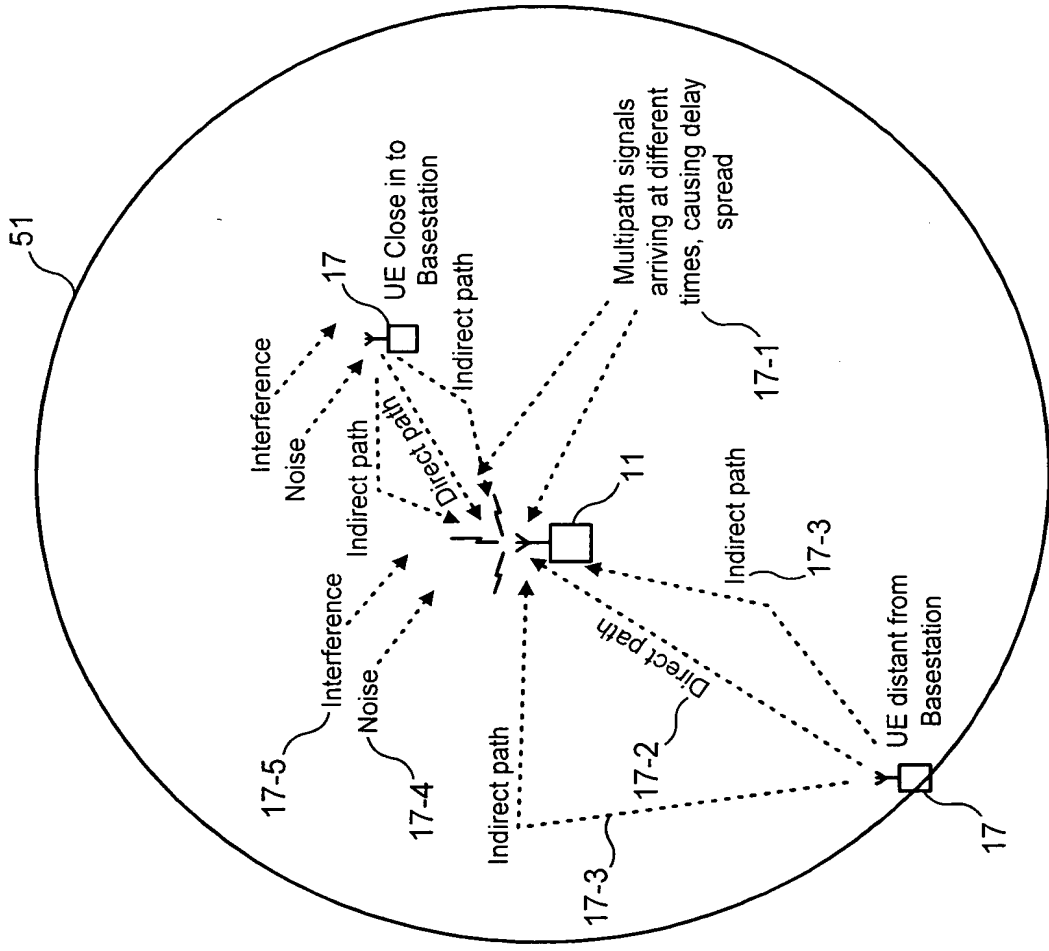

FIG.16

Transmission Rate Adaption

**FIG.17**  
Transmission Rate Adaption Channel Measurement

FIG. 18
